Dear Business Owner:

In order to complete an application for a business license you will need to show proof of compliance with state regulations for doing business in the State of Nevada and in your industry. Please start by logging onto the Nevada Business Portal, called *SilverFlume*, at www.nvsilverflume.gov and complete your Common Business Registration (CBR). This form may be used by partners with the state portal to gather information needed for applications for many different state agencies regulating your business.

Since the business portal is new, not all state agencies are partnered with them at this time. It is your responsibility to ensure that your business is registered for the permits and licenses you need for your industry type and your local jurisdiction. If you have any question what these might include, you may contact the Churchill County Planning Department at 775-423-7627 for more information.

The next page is a checklist to help you make sure that you complete all of the requirements for obtaining a business license. Please provide either a copy of the receipt where you applied or the actual permit or license for each of the items that pertain to your type of business along with your business license application to Churchill County.

You must also comply with land use zoning for business locations within Churchill County. Please contact the Churchill County Planning Department with your proposed business location to check that the property is zoned appropriately or if any use permits may be required in that location.

Attached is the packet for a Churchill County Business License. **Our license fees are: \$125.00 annually (based upon calendar quarters) or \$50.00 quarterly, your choice.** Please make the check payable to: Churchill County Planning.

We look forward to assisting you to get you licensed to do business in Churchill County. Please note that the state business license does not take the place of any license or regulations of the local jurisdiction, and that Churchill County and the City of Fallon are separate jurisdictions with their own licensing regulations. If I can be of any further assistance, please don't hesitate to contact me.

Thank you,

Michael K. Johnson
Planning Director

You are not required to obtain industrial insurance coverage for the following employees: theatrical or stage performers; casual musicians; household domestics, farm, dairy, agricultural or horticultural laborers, or persons engaged in stock or poultry raising; voluntary ski patrolman; real estate brokers and/or salesmen; direct sellers; or clergy. Businesses which elect to obtain industrial insurance coverage for such persons, gain valuable rights and significantly reduce liabilities for injuries to these persons. **A business which hires persons who are exempt from the provisions of Chapter 616A to 617, inclusive, of the Nevada Revised Statutes may be held liable in tort for injuries to those persons.** A business which hires exempt persons may elect to obtain industrial insurance, including sole proprietor coverage and partnerships.
